OBJECTIVE

Enthusiastic and dedicated individual with hands-on experience in software development, testing, and application workflows. Strong in analytical thinking, problem-solving, and teamwork, with knowledge of web technologies, databases, APIs, and software development practices. Eager to learn new technologies, contribute to real-world projects, and grow in a dynamic technology environment.

PROJECTS

Microdegree Arena – Learning, Assessment & Placement Management Platform

- Developed a platform for assessments, tasks, placements, interviews, and certifications.
- Developed and validated certification workflows, including assessments, retakes, task evaluation, and admin approval.
- Tested end-to-end workflows and implemented automated certificate generation with unique IDs and secure storage.

Personalised Dietary Health Tracking System

- Developed a full-stack health tracking application using React.js, Node.js, Express.js, and MongoDB.
- Implemented REST APIs, JWT authentication, meal tracking, allergy detection, and personalized health insights.
- Tested APIs using Postman and worked on debugging, API integration, and responsive UI.

Network Anomaly Detection using ML

- Developed a real-time anomaly detection system using KNN, RNN, and LSTM.
- Implemented live packet capture using Scapy for network attack detection.
- Evaluated models using accuracy, precision, recall, and F1-score.

INTERNSHIPS

SuprMentr Technologies In association with NASSCOM Future Skills,

Full Stack Web Development (MERN) Intern

- Duration: 4 months

MicroDegree Education Pvt Ltd, Software Engineer Intern

Mangalore

TECHNICAL SKILLS

Programming Languages: Python, C | **Web Development:** HTML, CSS, JavaScript, React.js, Node.js, Express.js |

Database Management: MySQL, MongoDB, Supabase | **Tools:** GitHub, Visual Studio Code, MS Excel, Canva, Vercel, Render |

Operating Systems: Windows, Linux | **API Testing:** Postman | **Cloud/DevOps::** Basic Cloud Concepts, Basic CI/CD

EDUCATION

B.E. Computer Science and Engineering, Srinivas Institute of Technology, Mangalore

2022 – 2026

9.0 cgpa

Pre-University, Parijnan PU College, Mangalore

2020 – 2022

95%

CERTIFICATIONS

No SQL-MongoDB by IBMCE | IT Specialist - Cloud Computing from Certiport |

Database Using SQL Certification from Ethnotech Academy

ACHIEVEMENTS

Published research paper “Recipe Finder”, JETIR, Vol. 12, Issue 7

Best Paper Award, ICRICS 2026

Awarded for the research paper titled “Network Anomaly Detection Using Machine Learning”.

Hackathon participation

Actively participated in a hackathon, collaborating with peers to develop innovative problem-solving solutions.

SKILLS

- Communication Skills
- Team Collaboration
- Leadership
- Time Management
